innovations inc.

## DELFI SMALL ADULT TOURNIQUETS

- Premium products
- Two sizes designed to fit upper limbs & lower limbs of smaller adults
- Designed to complement regular adult tourniquet cuff sizes and designs
- For use when regular adult tourniquet cuffs are wider or longer than required for surgery
- Unique P-shaped design minimizes tourniquet-related obstruction of the surgical site
- Thinner design allows superior fit to smaller limbs
- Proven performance in surgery
- Positive locking connectors help prevent accidental disconnection
- Compatible with Zimmer A.T.S. Automatic Tourniquet Systems\*
- Latex-free
- Matching limb protection sleeves
  - specifically designed for Delfi Small Adult Tourniquets
  - help protect skin from wrinkling / pinching / shearing
  - help prevent Tourniquet contamination and will not clog hook and loop materials
