DELFI CONTOUR TOURNIQUETS FOR UPPER LIMB AND THIGH

- Premium products
- Designed for superior fit and performance on contoured adult limbs
- For use when standard tourniquet cuffs do not conform to actual limb shapes
- Unique contours, design and adjustable fasteners allow a superior fit on a wide range of limb shapes and sizes
- Superior fit results in superior tourniquet performance, allowing lower tourniquet pressures to be used with confidence
- Proven performance in surgery
- Positive locking connectors help prevent accidental disconnection
- Compatible with Zimmer A.T.S. Automatic Tourniquet Systems*
- Latex-free
- Matching limb protection sleeves
 - specifically designed for Delfi Contour Upper Limb & Thigh Tourniquets
 - help protect skin from wrinkling / pinching / shearing
 - help prevent Tourniquet contamination and will not clog hook and loop materials
